LOGO

Mental health is an issue that is increasingly becoming more prevalent in our society. With the high cost of traditional therapy and the lack of availability of in-person therapy, it has become increasingly difficult for many people to access therapy. Leapify Talk is a software as a service teletherapy platform that provides virtual therapy sessions that are customized to each user. It is a platform that is easy to access and is designed to help certified therapists and their clients get the most out of each virtual therapy session.

13. General Data Protection Regulation (GDPR) Notice

This section provides additional information about our Privacy Policy relevant to users from the European Union. It is necessary for us to use your personal information:

- To perform our obligations in accordance with any contract that we may have with you.
- It is in our legitimate interest or a third party's legitimate interest to use personal information in such a way to ensure that we provide the Services in the best way that we can.
- It is our legal obligation to use your personal information to comply with any legal obligations imposed upon us.

You can view and edit any personal data that you have provided to us using this website. Automated processing of your Personal Information is necessary to operate the Platform effectively and to provide counseling and related services.

You can exercise any of the rights the law confers to you, like for example: opt-out of all data processing, or request erasure of your data by following the instructions on our [opt-out page](#). In some cases, we may be required to retain personal data to comply with applicable medical record retention laws.

BetterHelp is the Controller with respect to your Personal Data. You can contact our Data Protection Officer with questions, concerns or objections about this policy, or about your data by writing to:
